# Bruce & Jared Young Win the T. A. Mahoney Rousseau Rumble

Bruce, and his son Jared, drive a Tracker. They drew boat one. They knew that they had a long and winding channel to run down before the sun was up. They knew that 34 boats were behind them with the throttle down and in a hurry to get to their fish. They knew that they needed to get out of their way so they ducked into the first channel that they safely could, channel A. This goes down the south side of the lake and runs through the old Lake Rousseau and the graveyard area. It looked like as good a place to start as anywhere else. Jared put his trick worm into action and as the waves settled down, the fish began to play. They fished channel A about a couple hundred yards up river and then turned around and fished back. They bit on junbug, junebug red and black and blue. Bruce even caught some fish. He caught them on trick worms as well but also on lipless crankbaits. They didn't just catch five but did a lot of culling through out the day. It was a tough, tough day of fishing for most but not these two anglers. They figured it out and capitalized on it. They had a kicker that went 5.54 and a total weight of 12.52 pounds. Good job gentlemen! Jared came up through our youth club and started fishing the adult side this year. Not bad for their third tournament.

Jeff Baker got his old partner to fish with him for this tournament and it was a good thing. Jeff had the same illness most of us had, cannotcatchafishifmylifedependedonit syndrome but Darren Betts didn't. He caught all their fish and Jeff got to practice his netting skills. They brought a limit that went 11.60 with a 4.99 kicker. They fished inside a little bay most of the day. A slow presentation and patience paid off.

Pulling into third place was the team of Tom Mann's younger brother by a different mother and Slinky. Mr. Mann brought two fish to the scales but one of them was our big fish of the tournament, a 6.13 pound beauty. They earned themselves a couple of nice checks and the lead in the TAOY points. ??? Slinky is leading — ( Mike—please check those points, something is wrong )

Holding down forth place was the team of Lewis Robinson and Calvin Boyette. They brought the only other limit caught to the scales and had 7.22 pounds. Fifth place belonged to Mike and Pam Hardy. They had three that went 7.00 pounds with a 3.88 Pam caught kicker.

Overall only three limits made it to the scales. One team caught four, seven had three, six had two, ten only had one, and eight zeroed, including your president. Fishing was incredibly tough even for the locals that fished out of the east end. They only managed a couple of limits also. Don't let this stop you from visiting this beautiful lake again. This river system can produce some huge bags and be a lot of fun. The lake was just not on for us. And when you do, stop by and see me. Marker # 39.

## Tampa Bay Junior Bass Club Has Record Event

The Tampa Bay Junior Bass Club has a record day as they put 30 young anglers on the water. The event was held at the Winter Haven Chain out of Lake Shipp last Saturday. Joe Craighead does a great job putting this together and he will fill us in on all the details Tuesday night. I just wanted you to know that both winners came out of Bay Area boats. Mike Hardy put the 14-18 year old champion on his fish and Tom Mahoney guided the 11-14 year old champion to his stringer. Thanks to all the boat captains that gave their time to get these great kids on the water. I would list them here but I know I would miss someone. We will recognize them Tuesday night. Thanks you all.
